ABOUT ME

I am a motivated, adaptable, highly skilled and versatile Full Stack Developer with 5+ years of experience in designing and developing dynamic web applications. Proficient in both front-end and back-end technologies, adept at collaborating with cross-functional teams to deliver high-quality solutions. Strong problem-solving abilities and a passion for continuous learning in the ever-evolving field of software development.

WORK EXPERIENCE

Mayorkay Technologies

Mid level | Lead Web Developer
Allen Ikeja. Lagos , Nigeria
2021-04-01 | 2023-06-01

My responsibilities are:
• Led a team of web developers, providing guidance, support, and technical expertise throughout the project lifecycle. I oversaw the development and maintenance of multiple websites, ensuring high-quality standards, optimal performance, and adherence to project timelines.
• Assigned tasks and responsibilities to team members, monitoring progress, and providing regular feedback to ensure efficient workflow and successful project completion.
• Mentored junior developers, fostering their professional growth, and providing technical guidance and training on best practices and coding standards.
• Collaborated with designers to translate design concepts into functional web interfaces, ensuring a seamless user experience and adherence to brand guidelines.
• Identified and resolved technical issues and challenges, troubleshooting and debugging code to ensure smooth website operation.
• Acted as a point of contact for clients and stakeholders, providing project updates, addressing inquiries, and managing expectations.

MayorKay Technologies

Volunteer, internship | Intern Web developer

2020-07-01 | 2021-04-01
Allen Ikeja, Lagos , Nigeria

- My main Responsibilities are:
Assisted in the development and maintenance of company websites, ensuring optimal functionality and user experience.
- Collaborated with the web development team to implement front-end and back-end solutions using HTML, CSS, and JavaScript.
- Participated in the design and creation of responsive web pages, adhering to best practices for cross-browser compatibility and mobile responsiveness.
- Conducted thorough testing and debugging of web applications to identify and resolve issues, ensuring a seamless user experience.
- Supported the implementation of content management systems (CMS) and assisted in content updates and modifications.
- Conducted research on emerging web technologies and trends, sharing findings with the team to drive innovation and improve development processes.
- Collaborated with designers to translate wireframes and visual designs into functional web pages, ensuring a pixel-perfect implementation.
